P&WCSMART™ MAINTENANCE SOLUTIONS FOR PT6A ENGINES

P&WCSMART™
Subscription Service for PT6A Engines

Gain peace of mind with a cost-effective subscription-based maintenance package for select PT6A engines between their HSI and overhaul. This new service bundle includes scheduled and unscheduled maintenance coverage, parts replacement, mobile repair team support, digital engine services and more – all for a low annual fee.

P&WCSMART™
Flat Rate Overhaul Program

Secure a guaranteed attractive overhaul price for selected PT6A engines with no surprises, and benefit from capped pricing for optional parts replacement, letting you accurately plan your maintenance costs.

P&WCSMART™
King Air 200 Engine Upgrade

Upgrade your PT6A-41 engines to Zero Time Since Overhaul (TSO) PT6A-42 engines at a competitive price with no additional charges.

P&WCSMART™
Flat Rate Engine Exchange Program

Extend the life of your aircraft with a "zero time since overhaul" (0 TSO) engine exchange at a competitive flat rate.

P&WCSMART™
Premium Flat-Rate Overhaul

Daher TBM 700 Operators: Secure a PT6A-64 engine overhaul for a competitive fixed price to help you manage your expenses. With new P&WC genuine parts you'll also improve your engine's reliability and durability.

P&WCSMART™
Overhaul Parts Capped-Cost Program

Beechcraft 1900/1900C Operators: Get a predictable and attractive capped price for all replaced parts, increasing your engine's reliability, durability and time on wing.

P&WCSMART™
Hot Section Inspection Program

Save tens of thousands of dollars on your HSI plus get P&WCSMART™ Subscription Service for PT6A engines free for one year on applicable engine models.
